SOCIAL NETWORKS

We use plugins from various social networks on our website.

FACEBOOK

This website uses the Share button from the social network Facebook.

Facebook is operated by Meta Platforms, Inc., Willow Road 1601, 94025 Menlo Park, CA, USA and is available at www.facebook.de. These individual social plugins are identified by one of the Facebook logos or with the addition "Facebook Social Plugin". This information, together with your IP address, is transmitted from your browser to a Meta Platforms, Inc server in the USA and stored there. According to the information provided by Meta Platforms, Inc, only an anonymized IP address is stored for non-registered users in Germany. If you are logged in to Facebook, Meta Platforms, Inc can associate your visit to our website directly with your Facebook account. This tells the YouTube server which of the websites the user has visited. If you are logged in to YouTube as a member, YouTube assigns this information to your personal user accounts on these platforms. When using these plugins, e.g. clicking/starting a video or sending a comment, this information is assigned to your YouTube user account, which you can only prevent by logging out before using the plugin. Among other things, they make it possible to share a post or a page of this website on X. When a user accesses a website that contains such a button, their browser establishes a direct connection with the X Corp. servers. The content of the X buttons is transmitted by X Corp. directly to the user's browser. We therefore have no influence on the scope of the data that X Corp. collects with the help of this plugin and can therefore only inform the user according to our level of knowledge: According to this, log data such as the user's IP address, the previously accessed website, etc. are transmitted. WEB ANALYSIS

Like almost every website operator, we use analysis tools in the form of tracking software to determine the frequency of use and the number of users of our website.

USE OF THE ANALYSIS TOOL "GOOGLE ANALYTICS"

PM-International uses the Google Analytics service provided by Google LLC, 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA. This service enables the use of this website to be analyzed and uses cookies for this purpose. For this purpose, the information generated by the cookie, such as your anonymized IP address, is transferred to a Google LLC server in the USA on behalf of PM-International, where it is stored and evaluated. Google Analytics has been extended on this website by the code "gat._anonymizeIp();". This ensures anonymized collection of IP addresses. The anonymization of your IP address is usually carried out by Google LLC within the European Union or in other contracting states of the European Economic Area (EEA) by shortening your IP address. In exceptional cases, your IP address is transmitted to a Google LLC server in the USA and only anonymized there. Your IP address transmitted in this way will not be merged with other data from Google LLC. Remarketing and reports on performance according to demographic characteristics and interests are used as part of the Google Analytics advertising function. The purpose of these procedures is to use information about user behavior to align advertising measures more closely with the interests of the respective users. As part of remarketing, personalized advertising can be placed on other websites based on your surfing behavior on the PM-International website. The advertising material may contain products that you have previously viewed on the PM-International website. If you have consented to Google linking your web and app browsing history to your Google account and using information from your Google account to personalize ads, Google will use this data for cross-device remarketing. You can object to the collection of your data by Google Analytics at any time. You have the following options for doing so:

Most browsers accept cookies automatically. However, you can prevent the use of cookies by setting your browser accordingly; in this case, however, you may not be able to use all the functions of the website. The settings must be made separately for each browser used.

You can also prevent the collection and processing of this data by Google LLC by downloading and installing the browser add-on available at the following link: <https://tools.google.com/dlpage/gaoptout?hl=de>

Alternatively, or within browsers on mobile devices, this can be done by clicking on the following link: [Manage consent](#)

An opt-out cookie is stored on the user device for PM-International websites with effect for the browser currently in use. If the cookies are deleted in this browser, this link must be clicked again.

Further information on terms of use and data protection can be found at <https://developers.google.com/analytics/devguides/collection/analyticsjs/cookie-usage> or at <http://www.google.com/analytics/terms/de.html> or <https://www.google.de/intl/de/policies/>.

Please note: If you delete your cookies in the browser, the stored opt-out cookie will also be deleted and the objection may have to be made again in the aforementioned manner.

MICROSOFT INSIGHTS

We use the Microsoft application "Insights" for telemetry investigations. Insights supports distributed telemetry correlation, which allows us to identify which components are responsible for errors or performance degradation.

(Detailed information can be found at <https://docs.microsoft.com/en-us/azure/azure-monitor/app/data-retention-privacy>)

AUTOMATED DECISION-MAKING/PROFILING

We do not use automated decision-making that produces legal effects concerning you or adversely affects you.

DATA SECURITY

The SSL (Secure Socket Layer) security software used by PM-International is currently one of the best technologies available.

When paying for the respective service, you have the option of choosing between various payment options. With each option, your payment details are encrypted for transmission. This means you can be sure that your data cannot be read by a third party. This transmission is therefore much more secure than transmitting your personal data over the phone.

For PM-International, security is not just about protecting your data on the payment method you choose. PM-International will make every effort to ensure that your order documents, goods or other documents reach you exactly at the time we have sent them to you.

PM-International may amend this Data Privacy Policy from time to time as it deems necessary or appropriate. The revised policy will apply from the date it is available on our website.
